2028_REC_OOPS using Java_Week 10_Q3

Attempt : 1
Total Mark : 10
Marks Obtained : 10

Section 1 : COD

1. Problem Statement

Priya is analyzing encrypted messages in a research project. She wants to analyze the frequency of each character in a given paragraph. The characters should be stored in a TreeMap so that the output is sorted in ascending order of characters automatically.

You are required to build a Java program that:

Uses a `TreeMap<Character, Integer>` to count how many times each character appears in the message. Ignores spaces and considers only alphabets (case-sensitive). Outputs the frequencies of characters in sorted order.

You must use a TreeMap in the class named MessageAnalyzer.

Input Format

The first line of input contains an integer n, the number of lines in the message.

The next n lines each contain a string (the encrypted message line).

Output Format

The first line of output prints: "Character Frequency:"

Then print each character and its frequency in the format: "<character>: <count>"

Refer to the sample output for formatting specifications.

Sample Test Case

Input: 2
Hello World
Java

Output: Character Frequency:

H: 1

J: 1

W: 1

a: 2

d: 1

e: 1

l: 3

o: 2

r: 1

v: 1

Answer

// You are using Java

```
import java.util.*;
```

```
class MessageAnalyzer {
```

```
    public static void main(String[] args) {
```

```
        Scanner sc = new Scanner(System.in);
```

```
        int n = sc.nextInt();
```

```
        sc.nextLine();
```

```
        TreeMap<Character, Integer> map = new TreeMap<>();
```

```
        for (int i = 0; i < n; i++) {
```

```
            String line = sc.nextLine();
```

```
            for (char ch : line.toCharArray()) {
```

```
        if (Character.isLetter(ch)) {  
            map.put(ch, map.getOrDefault(ch, 0) + 1);  
        }  
    }  
}  
System.out.println("Character Frequency:");  
for (Map.Entry<Character, Integer> entry : map.entrySet()) {  
    System.out.print(entry.getKey() + ": " + entry.getValue() + " ");  
}  
}  
}
```

Status : Correct

Marks : 10/10
